700+

TAG represents more than 700 companies

\$18B

Responsible for over \$18 billion in property valuation

\$700M

Saved clients over \$700M in property taxes since 2001

Two decades of experience achieving year-after-year results for some of the world's industry leaders, with a 95% client retention rate.

Our team of leading experts provide the highest standard of **customized tax consulting** and client service with **industry-leading tax savings results**.

At TAG, we take the tax code at its word and harness it for our clients to **realize material savings - with an average reduction of 30% in assessed value**. Instead of depending on filing cost depreciation renditions and relying on the tax assessors' tables, we have a better way.

Our proprietary **Tag It™** methodology and technology focuses on valuing business inventory and fixed assets at fair market value. **Simply put, hiring TAG means everything will be done to truly minimize your property taxes. We're so confident that we offer tax-savings contingent fee pricing!**

"TAG obviously knows how to achieve outstanding results. Your team is both effective and efficient, and we are glad to have you on our side."

- Dimensional Fund Advisors

"There are many 'tax savings' firms out there, but TAG has proven themselves with real results and just makes my work that much easier."
